PROJECT Active

Promotion in Motion

This Etwinning project will help with the development of the interactions of the students of an Erasmus project with the same name. With our project we would like to merge the school training and educational activities ...

Project details

Initial information *

Average age of your pupils participating in the project

Number of pupils from your class/school participating in the project

Type of eTwinning project

- An Erasmus+ Partnership Key Action 1 Project
- An Erasmus+ Partnership Key Action 2 Project
- An eTwinning project only

Short description

A short summary/description of your project (1 paragraph)

1000 characters

Links to any project outcomes available online (website, blog, audio/video clips, etc.) which are not included in your TwinSpace, if needed

1st Page Short description & Details

Project description

Collaboration between partner schools *

Collaboration activities go beyond communication. Please describe the work process of the project clearly outlining the division of tasks between you and your partner(s). In particular, describe:

- The aspects of the project where you and your partner(s) collaborated.
- The activities in which pupils worked together.
- How the final products of the project were achieved by the pupils.
